Vol. XII. Jan. 20-Dec. 20, 1878. Nos. 145-156.

\* Vols. I-vii. are quarto and vols. VIII-xii. are octavo. The numbers of vol. I. differ from the "special edition" of this volume in being printed on white paper and also by the fact that no. 1 is a reprint with a note to this effect at the foot of page 8, the two new paragraphs replacing a description of some "Canadian Essays" in the original special edition on yellow paper. The reprint was made in May, 1868, and there is no original no. 1 on white paper. Nos. 9 and 10, 11 and 12, 87 and 88 and 95 and 96 were severally published together under the respective dates "November, 1868," "December, 1868," "August 1 & 15, 1873" and "December 1 & 15, 1873". Each number excepting no. 1 and nos. 79-96 has a paper wrapper, and each volume, excepting vol. VI., has a title- and an index. Vols. II-xii. were published by J. W. Scott and Co. The numbers of vol. VI. were issued weekly and those of vol. VII. fortnightly. There is an extra number consisting of two pages called "No. 27," dated "March 25, 1870," and a supplement of two pages to no. 57, which is only found in the American edition of this number. Vol. III. has a frontispiece with coloured illustrations of the United States stamps of 1870. Vol. V. was published at 46 Leadenhall Street, London, E.C., as well as in New York. The wrappers used for the former edition had the subscription prices given in English money, many of the advertisements upon them differ from those of the American edition and there are four pages of additional advertisements in each of the nos. 50, 55 and 57, which are not found in the latter edition. The wrappers and advertisements of the English edition were printed by Pardon and Son, London, but the contents were printed in New York and correspond exactly with the New York edition. Nos. 52-60 are stated on the wrappers of both editions to be edited by Alfred Turner, but this is believed to have been a pseudonym for J. W. Scott. On the wrappers of nos. 55-60 of both editions the title reads "The American journal of philately and the stamp collectors' journal"; no doubt referring to an amalgamation with the "Stamp collectors' journal and philatelic opinion" of London. Page 24 of nos. 9 has "April 1" in error for "May 1," page 70 of nos. 9 and 10 has "October 1" in error for "November 1," page 84 of nos. 11 and 12 has "November 1" in error for "December 1," page 116 of no. 22 has "Sept. 30" in error for "Oct. 20," page 44 and 50 of no. 28 have "Mar. 30" in error for "April 30," page 89 of no. 32 has "1870" in error for "1870," page 9, 11 and 18 of no. 37 have "1870" in error for "1871," page 29 of no. 39 has "April 1" in error for "1871," page 42 of no. 40 in some copies, has "April" in error for "April 30," page 44 of no. 40, in some copies, has "April 6" in error for "April 30," pages 117 and 120 of no. 46 in some copies, are printed instead the wrapper of no. 99 has in error "98," pages 55, 56, 63 and 64 of no. 112 have "March 30" in error for "April 30," page 60 of no. 123 has "March 30" in error for "April 30," page 106 of no. 127 has "June 20" in error for "July 30," and pages 5 and 7 of no. 145 have "1876" in error for "1878". There is a supplement to no. 44 "1870" in error for volume (8 pp.) of an auction sale of stamps to be held by Geo. A. Leavitt and Co. on October 9th, 1871, the pages of which bear the heading "Supplement-American journal of philately." This catalogue is bound up in the volume lettered "Stamp auctions 1". Other catalogues of auction sales of stamps by the same firm were presented with nos. 131, 143, 146, 148 and 150 and the pages of each of these are headed "The American journal of philately."

\* There is a title-page and an index to each volume, and a coloured paper wrapper to each number. Commenced with November, 1897, the journal was published by O. H. Nunn, Graves and Co., and later by O. H. Nunn, Graves and Co., Limited, and commencing with no. 251 the words "with which is amalgamated Stamp gossip" are inserted below the title "The Stamp collectors' journal". The numbers for January 15 and February 15, 1898, are wrongly numbered "30" and "21" in place of "307" and "305", respectively, but the numbering on the wrappers is correct, and the wrapper of no. 281 has "1897" corrected to "1898". No. 255 is dated "May 16, 1896," but the wrapper bears "May 15, 1895".

- "POSTAGE STAMPS."—A boy in my form one day showed me a collection of from 300 to 400 different postage stamps, English and foreign, and the same time stated that Sir Rowland Hill told him that at that time there might be about 500 varieties on the whole. This seems a cheap, instructive, and portable museum for young persons, and yet I have seen no notices of catalogues or specimens for sale, such as there are of coins, eggs, plants, plants, etc. and no articles in periodicals. A cheap facsimile catalogue with nothing but names of respective states, periods of use, value, etc., would meet with attention. If there be a London shop where stamps or lists of them could be procured, its address would be acceptable to me, and to a score young friends."

There is a second edition of no. 2 with the pagination altered to 17-32 in place of 1-16, as for the first edition, and there is also a second edition of no. 47, which omits the paragraph found at the bottom of the right-hand column on page 161 of the first edition. There is a supplement to vol. I. with the title "Revenue catalogue: being a compilation of beer, bill, dead, law, revenue, telegraph, tobacco, stamps, etc. Part I. Great Britain and Colonies. The title-page, preface and index to vol. I., and also to vol. II., were reprinted in August, 1907.

## POST CIRCULAR. The Post circular.

*London, Henry Hooper, 1838-39.*

Fol. 14-14½ in. and 8°. 82 in. Nos. 1-[15]. March 14, 21, 28, April 5, 24, May 4, 11, 25, July 1838, March 28, April 17, 30, June 28, 1839.

\*\* No. 9, which is without year of publication, is octavo and the other numbers are folio. No. 18 is wrongly numbered "No. 14" and nos. 9, 5, 6, 8 and 10 are called double numbers. No. 10 is printed on the back of a large poster with the heading "Petitions for a uniform penny postage lie here for signatures" and nos. 4 and 12 contain illustrations of essays for stamps. There are two copies of no. 1, one dated "March 14, 1838" and the other "March, 1838". The latter has the words "Specimen of" above the title and the contents of pages 2, 3, 4 are entirely different in the two editions. A second file of the first ten numbers is bound up in volume lettered "Papers relating to Uniform Penny Postage, 1838-39" (nos. 5-17).

The editor of the "Post circular," Sir Henry Cole, K.C.B., left a collection of papers and essays of stamps connected with the introduction of uniform penny postage to the Victoria and Albert Museum. This collection contains two files of the "Post circular," one of which contains the following additional numbers: a "second edition" of no. 4 dated "April 5, 1838," and the contents of which differ from the first edition of that number; two editions of no. 7 differing in the make up of the front page, one of which is perhaps an unproofed copy; and what is evidently a proof copy of no. 12 with the date "April 29, 1839". This file also contains three unproofed copies of no. 15, with two pages each and the date "Sept. 27, 1839," the contents of which are differently arranged in each case, a further copy of no. 16 differing in the make up from the other three, but consisting of two pages and dated "Oct. 11, 1839," and a copy of no. 16, which consists of four pages and has the date "Nov. 20, 1839". All the known collections of this paper only contain thirteen numbers and it seems, therefore, doubtful whether the nos. 15 and 16 were ever published or circulated. Mr. V. H. Morten has a copy of the second edition of no. 4 in his collection.

## POST MAGAZINE. The Post magazine; (Published every Saturday). Combining 1st. A magazine of useful information. 2nd. A post label. 3rd. A sheet of letter paper.

*London, Wm. Pateman, 1840.*

8°. 104 in.

\*\* Each number consists of a sheet of paper for writing a letter upon and one to three leaves of printed matter of a non-philatelic

character. The back of the last leaf of the early numbers contains a rectangular space for the address and an ornamental border with an adhesive one penny, black, Great Britain stamp attached in the right upper corner. The space for the address was so placed that the whole contents of the number could be folded up and sent through the post in the form of a letter-sheet. No. 1 is dated "July 25, 1840". In 1841 the journal was issued without a penny stamp attached, as a half-penny a number and this charge was later on raised to one penny. ~~Specimen of the issue of 1840 is in the collection of the British Museum.~~ As specimens of this interesting postal experiment the library contains two different issues without number or date, which are probably imperfect; no. 14, dated "October 24, 1840" and no. 30, dated "December 5, 1840". The two last have the words "Guaranteed weekly supply—Eight thousand," below the title "Post Magazine".

*Mts. St. Jour. 7 (7).*

No. 12 is wrongly numbered "No. 18" and dated "September 15, 1892," in place of October 16, 1892, but the wrapper has the correct number and date. No. 37 has on the title-page "No. 38" in place of vol. iv. There is a supplement of two pages, printed on coloured paper, to no. 15. The title-page and index to the ninth volume was privately printed by H. E. Deane of Flemington, New Jersey, in December, 1900.
